

INCIVILITY, BULLYING & WORKPLACE VIOLENCE

RNs frequently encounter physical assaults and bullying behavior in the workplace.

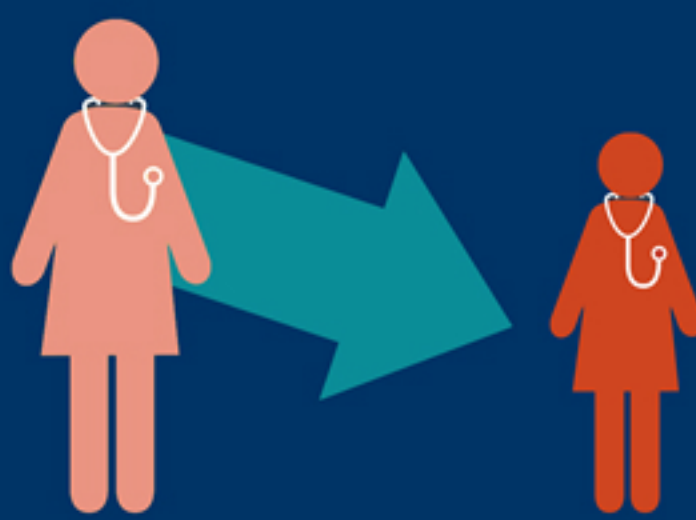

Up to half

**Have been bullied
in some manner
in the workplace:**

50%

by a peer.

42%

**by a person
at a higher level
of authority.**

Nearly 1 in 4

**has been
physically
assaulted
at work.**

Nearly 10%

**are concerned
about their
physical safety
at work.**

Per ANA's 2015 Position Statement,
Incivility, Bullying and Workplace Violence:

**"The nursing profession will
no longer tolerate violence
of any kind from any source."**

**Protect Yourselves
Protect Your Patients**
